

About us

Oil mill Posedarje is a family company founded in 2006. The owner of the company is Mr. Žarko Klanac and his son. Nevertheless, the whole family has been included in the business. The Klanac family has been in the olive growing business for sixty-eight years and since 2006 the family has been providing the service of olive processing and the production of top level extra virgin olive oil.

The Klanac family is in the possession of the most modern and the latest technologies in the olive processing business. The hardworking family has created the top level olive oil and one of its greatest qualities is olive processing.

Olive tree is an evergreen plant which symbolizes peace, health and fertility. It is used for the production of olive oil. The olive growing has been present in the Mediterranean since 4000 B.C.

The Mediterranean diet is impossible to conceive without olive oil. Already Hippocrates refers to the nutritive, cosmetic and other qualities of the olive oil that affect our health in a positive way.
